1 - SPECIFICATIONS

STANDARD FEATURES

- 4.4 Cubic feet for storage, with access doors on each side.

- Full extension slide-out shelf for CPU (Right side of cabinet)

- Adjustable Shelves for bulk storage (Left side of cabinet

-Monitor mounting bracket (Monitor not included)

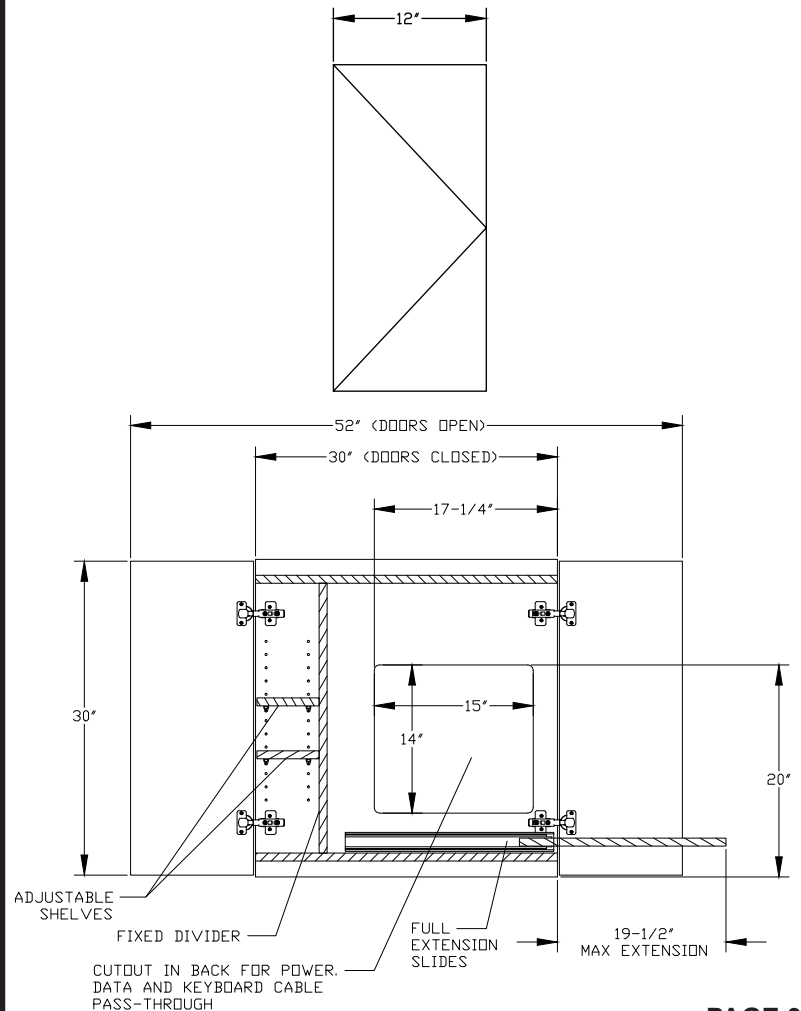

MOUNTING BRACKET

EXTENSION SLIDE

ADJUSTABLE SHELVES

IDEAL LOCATION CONFIGURATION

The Computer Storage Cabinet is most effective when used in dual / head-entry format. In conjuction with the Universal Wall Workcenter, this creates an ideal production zone that is both highly efficient - and out of the patients line-of-site on entry to the operatory.

Performance Without Compromise™
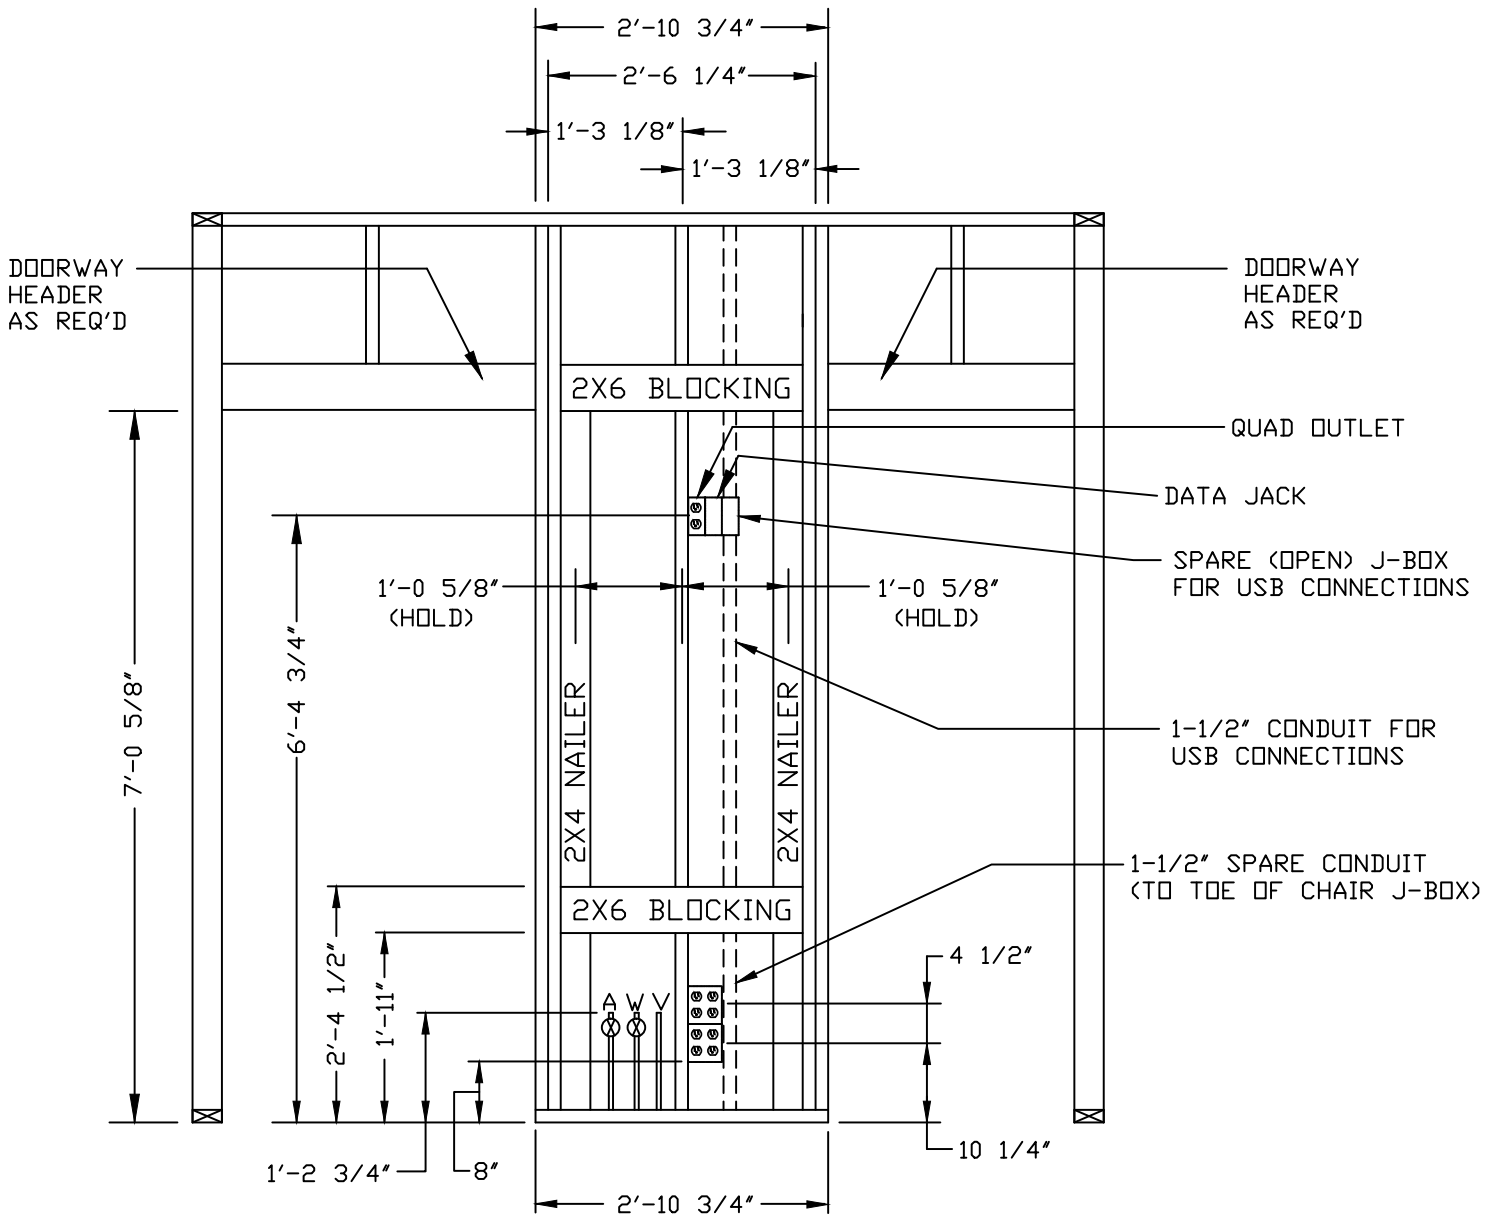

1 - SPECIFICATIONS CONT'D

Site Planning (Blocking & Drywall Prep)

-Air and water can run overhead. Vacuum lines must run below the floor.
-Install straight stops on all domestic water lines.
-All framing must be backed with wood blocking when metal framing is used.

Note: Appropriate blocking is mandatory. Serious injury may result from improper installation. Ergonomic products shall not be responsible for damages that may occur if cabinet is not installed according to these instructions.

1. Remove all packing material from box.

2. Use safe lifting procedures to carefully remove unit and place on clean surface near the installation site.
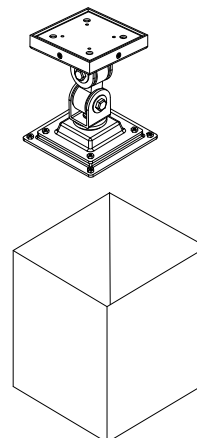

PARTS LIST	Check that the configuration/options for your product(s) are correct. If anything is damaged or missing, please contact Ergonomic Products customer service at 1-866-ERGO-4-US.

Inspect Doors, Front Panel, and Rear Panel for shipment damage.

The Computer & Storage Cabient comes fully assembled.

Monitor Mount

Inspect Extension Slide for shipment damage.

Inspect Adjustable Shelves for shipment damage.

3 - INSTALLATION

Installation of C3 Computer Storage Cabinet

1. Position the bottom of the Computer Storage Cabinet 60" above the finished floor, where indicated in below elevation detail (see figure 1).

2. Make sure unit is level.

3. Secure the Computer Storage Cabinet using six (6) #10 x 2-½" screws through top and bottom overhand. If desired, additional screws may be placed inside the cabinet to provide additional support or to reach blocking.
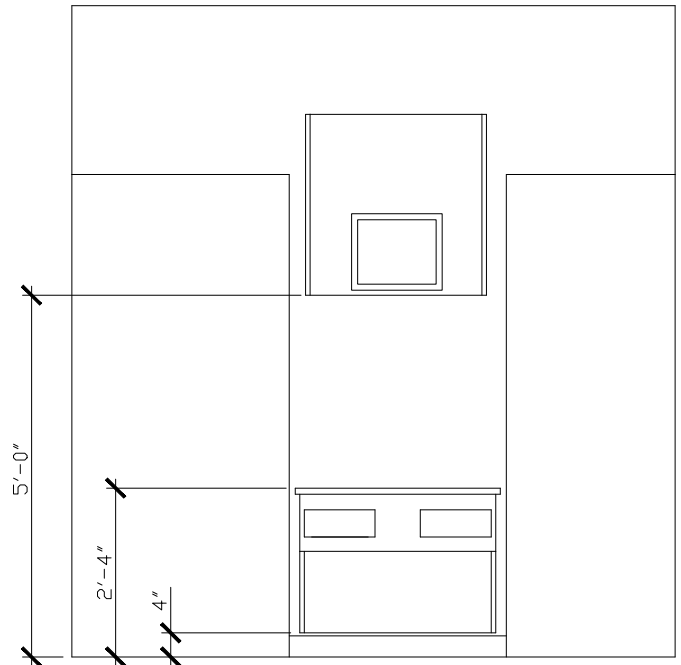

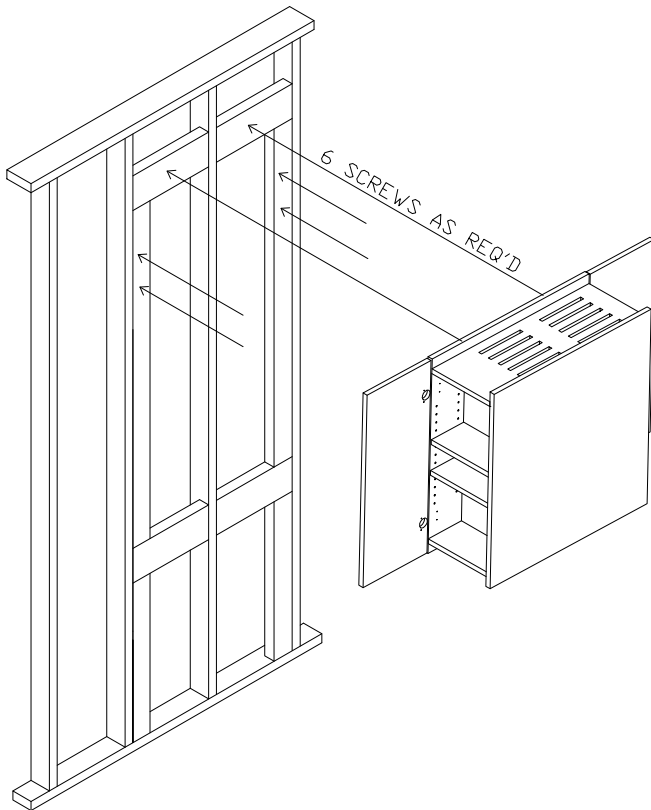

4 - MAINTENANCE

Cleaning instructions

Painted and Anodized Aluminum Surfaces
Clean with mild detergent, damp cloth and dry thoroughly after cleaning.
Do NOT use alcohol or solvent based cleaners, ScotchBrite or other abrasive pads.

CORIAN® Surfaces
Clean with warm, soapy water or any non-abrasive ammonia based cleaner or disinfectant. Dry thoroughly after cleaning. For tougher stains, use Clean EnCounters® from DuPont.
Do NOT use window-cleaning solutions (they will leave a waxy build-up), ScotchBrite or other abrasive pads.

For more information on cleaning CORIAN surfaces, go to:
http://www.dupont.com/products-and-services/construction-materials/surface-design-materials/brands/corian-sol¬id-surfaces/articles/how-to-clean-corian.html
